Anti-Nebraska State Convention.

A State Convention of the Anti-Nebraska Party of Illinois, will be held in the city of Bloomington, on Thursday, the 17th day of May next, for the purpose of appointing Delegates to the National Convention, and transacting such other business as may properly come before the body.

The Committee have selected as the basis of representation in the Convention, the vote cast for Governor at the last election, allowing one delegate for every hundred votes of 100 and over; in the counties where less than 100 votes were cast, one delegate is allowed. The following is the number of delegates to which each county is

To the People of the United States.

The People of the United States, without regard to past political differences or present political predilections, are invited to send Delegates to a Convention, to be held in the City of Cincinnati, on the 22nd day of February next, for the purpose of nominating candidates for the offices of President and Vice President of the United States.

Arrival of the Asia.

Rumors of the certainty of peace continue and the 22d or 24th ult. was the time fixed for proclaiming it. The Asia sailed from Liverpool on the 26th, or the Cambria which sailed from Liverpool on the 29th, will bring, probably, the result of the Conference. The armistice was continued from March 23 to April 2d. Addresses continue to pour in upon the Emperor of Russia, on the birth of a son and heir to the throne. The following is the number of guns to each country:

[table omitted]

A Loss Repudiated.

We learn from the New York Courier and Enquirer that a loss for the Hannibal and St. Joseph Railroad Company was negotiated on the 20th of February last, through Messrs. J. L. Thayer & Bro., of Boston; and Messrs. Duncan, Sherman & Co., of New York, for $1,000,000 of their First Mortgage Bonds, secured by 600,000 acres of land located on the line of the road. The amount, with $1,000,000 Missouri State Bonds, will give them ample cash means to complete the road in 1857. Forty miles are under contract, and the iron, rolling stock and other depot-ing work in order to put in the distance specified requires the delivery of only one-quarter thereof by the first day of January.

Mr. Dunscomb very coolly said, in the British House of Commons, that "about everybody in that house had read a very amusing romance called the 'History of England,' by Mr. Macaulay."

A back publisher in France two centuries and a half ago, had a device of a pair of shears at the note, and twisting the fingers, is not a modern invention. A devout whose master was about to hold him plunged into the Seine, and swam ashore. "When half my sorrow he turned round in the water, said, pointing his hand to the shore, 'Look to land like a ship, and make good use of the shears.'"

Sunday Discourse.

By the Admiral, we learn that the whole vote cast for Bayne was 1,579, and Mr. Cole, Republican, had 121 majority. The Mayor, City Clerk, Justice of the Peace, Marshal, City Treasurer, members of the Board of Supervisors, and seven out of ten Aldermen are Republicans.

The Admiral says:

The result is the more gratifying, as the Democratic ticket was a close Nebraska ticket, and the Democratic party has been the party in power in the Government of the United States.

It is the boldest act in Mr. Bayne's way that he has ever done, for the Democracy of Cook County is overwhelmingly Democratic, and he has been for years the leader of the Democratic party in this county. He has been elected Mayor of Chicago, and Clerk of the Circuit Court, and has become the favorite of all in the county of the people to preside over and control the affairs of a city so populous and wealthy as this is destined to be.

Democratic Republican State Nominations.

A State Convention of the Republicans of Illinois, is called to meet at Madison on the 4th of June next, for the purpose of appointing delegates to the National Convention, and to effect a thorough re-organization of the Republican Party.

Solicitor--Dipped--Int.

Were it possible to put every voter of the North in possession of the actual condition and positive aim of the Slave-Power, no falsehood of partizan rule or trick of party, no bloodshed or bribing has in give that Slave-Power his support directly or indirectly. We need not thus qualify our remarks. For were such knowledge universal, there is not a soul—we himself and for freedom, who would not resist it with utmost will.

It is certain that the Slave-Power has not only changed its position, but branched new doctrines utterly unknown to the Fathers, and subversive of the Constitution and of every right which *free* labor claims as its own. The cause of this is clear. It arises wholly from the love of power and jealousy of the North

—from its stability and fear of disunion—from its party divisions and from the fact that party and the spoils of party have been made to usurp the place of patriotism and of country.

In the past, in the early past, every defender of Slavery was an apologist for the institution. It was understood everywhere and by every one in the abstract. Even the most ultra defenders of the system of that time, never dreamed of denying that the system was a curse to the master, and a blight upon the whole community. They spoke of it, for reason, by assuming Slavery to be mostly the result of circumstance, and of coming from the sins of parents and of others. And attempted to justify negro slavery as an objection to a general rule. Even as late as the time of Henry Clay, the system North and South. The laws of God and nature are immutable, and have nothing to do with time or place. Hence, if slavery is wrong and violating as the authority of the Most High, and of the holy, precious and expressed law of love. They proclaimed it a positive evil, to be dealt with as such. They established the right to be free, because it ordained, authorized and enforced white slavery, which, in the nature of things, is the most odious of all forms of bondage

Special Notices.

Show me an individual who complains of Nervous Debility, want of appetite, Dyspepsia or Indigestion, Sick Headache, Costiveness, Piles, Fever and Ague, or general Debility, arising from an impure state of the Blood, and I will show you an individual who never complains, for he uses DR. S. A. WARNER'S CELEBRATED ANTI SALT RHEUM BITTERS.

Almost every paper in the Union is recommending upon the good qualities and great benefits derived from the use of Dr. J. Bunnell's Pectoral Syrup, and for the cure of Dr. J. Bunnell's Pectoral Syrup, and for the cure of Coughs, Colds, Consumption, Asthma, Bronchitis, and all diseases of the Throat and Lungs, it is unrivalled. Sold by all druggists. Price 25 cents per bottle.

CAUTION TO PERSONS WHO DRINK AT BARS AND SALOONS.

Numerous complaints are made of persons who buy Rum on Steamboats and in Hotels, who fill up empty bottles with common Gin, and sell it to the unsuspecting for Rum.

Now, to prevent this, I have had my name blown in the bottle, and I would therefore advise all who drink the Genuine Rum, which is made by myself, to purchase of those who have it blown in the bottle, as then the cork cannot be drawn without the seal or wrapper or label affixed to the bottle, to refuse to drink, unless a fresh bottle is opened.
